B 1	27-01-25	Time series analysis intro	7	
29	28-01-25	Finding out		
34	28-01-25	Finding values		
EX 1	3-2-25	Time series data preprocessing, cleaning & preprocessing	10	
EX 2	3-2-25	visualizing trends & patterns	10	
EX 3	18-2-25	checking for stationary data	10	
EX 5	5-3-25	Linear regression model for time series forecasting	10	
EX 6	5-3-25	Implement program to apply moving average & smoothing for data preparation & time series forecasting	10	
EX 7	5-3-25	Implement program for decomposing time series data into trend & seasonality	10	
EX 4	10-4-25	Implement program for estimating & eliminating trend in TS O - approximation smoothing	10	
EX 5	1-4-25	Autoregressive model using TS forecasting	10	
EX 9	15-4-25	Develop a neural network time series forecasting model	10	
EX 10	15-4-25	Develop vector auto regression for multivariate time series forecasting	10
